Dear Parents/Guardians,

GCSE Chemistry revision guides

Having been asked by several students whether or not we have the ability to supply revision guides cheaper than W.H. Smith and other retailers I have found one book in particular that would be very useful for the GCSE exams. This are an optional purchase to supplement the existing course e-book provided on the Kerboodle website.

CGP have produced a new set of GCSE Chemistry revision Student books. I feel that the new version of the 'Revision & Practice' book is one of the best available and we are able to supply these much cheaper than the RRP.

GCSE AQA Chemistry Complete Revision and Practice (CAS45) cost: £6.00 (RRP £10.99)

These books are on sale in all good bookshops, so feel free to have a look at them before deciding if you would like to purchase them.

If you would like to purchase one of these books (or both) please complete the ParentPay payment by Friday 13 October 2017.

Yours sincerely,

Mr K Downing
Subject Leader Chemistry
