## Centre Policy

FOR A/AS LEVELS AND GCSES FOR SUMMER 2021

## Centre Policy for determining teacher assessed grades in Summer 2021

### Background

Every centre is required to create a Centre Policy that reflects its individual circumstances. It is anticipated that you may choose to adopt this pre-populated template in full. Or you may choose to make amendments – adding or deleting material – to reflect your own practices. In any case, centres must understand and actively implement the centre policy adopted, although this template is provided for information and does not constitute legal advice.

The template is written with a minimal amount of content in [brackets] that can be deleted, and material in CAPITAL LETTERS that should be added, if the content is retained as part of your policy.

Your policy must take account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any appropriate centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage with the training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *All staff have completed externally accredited unconscious bias training.*

### **Support for Newly Qualified Teachers and teachers less familiar with assessment**

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *We will provide support from experienced teachers to less experienced teachers where assessments require moderation.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*

The following list is in the order of priority in which we will consider evidence used to derive Centre Assessed Grades. Evidence with a higher priority will be given greater significance:

- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use mock exams taken over the course of study.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*
- *We may use substantial class or homework (including work that took place during remote learning).*
- *We may use internal tests taken by students.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials*

*The vast majority of students in both Year 11 and Year 13 have completed full mock examinations under controlled examination conditions. By full mocks we refer to examination papers that were previous years exam board examination papers used in a previous series.*

- *All year 11 and 13 students (unless isolating) will complete assessments over a 2 week period for Year 13 and a 3 week period for Year 11 in May of 2021.*
- *The assessments will predominantly be either past papers unavailable to students, e.g. the 2020 paper, exam papers where the questions have been adjusted and updated to include questions from the examination boards to ensure students cannot predict potential questions.*
- *These additional assessments will provide the opportunity to show what they know, understand or can do across all areas taught.*

- *We will use the additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence from mock examinations completed under full examination conditions.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *Additional Assessment material will be taken from across the full range of the specification that has been taught and will not contain an element of the specification that has not been taught.*
- The content of the Additional Assessments has been published on our website and shared with students, students, parents and carers:
  - Year 11 – <https://www.kings.lincs.sch.uk/y11mayassessments>
  - Year 13 - <https://www.kings.lincs.sch.uk/y13mayassessments>

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. The vast majority of students will have had two series of assessments under high control.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *All students will have completed at least one, and most often two, periods of assessment under high control examination conditions.*
- *Papers will be issued and answered against candidate numbers not names.*
- *IN most cases teachers will mark sections of papers, with a teacher marking all questions that are the same, for example a teacher in English will mark all of the questions on Macbeth, following training. Where this cannot be achieved marked answers will be standardised between teachers.*
- *Work across questions will be sampled and moderated by the most senior teacher in each department.*
- *The marks generated for each candidate number will be collated and compared to grade boundaries to establish grades.*
- *Awarded grades will be analysed by the Head of Centre with Senior Leader assistance to ensure consistency.*
- *Our teachers will determine marks based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective mark, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document. Teachers will sign a declaration to confirm this.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed marks*
  - *Marking of evidence*
  - *Reaching a holistic marking decision*
  - *Applying the use of marking and grading support and documentation*
- *We will conduct internal standardisation across all grades, noting that individual questions are marked by a single member of staff standardising that question.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed marks.*
- *Where necessary, we will review and reflect on individual marking decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *All subjects have more than one teacher marking and moderating work.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation. Teachers and Heads of Department will not know names on papers and Senior Staff will identify Candidate Numbers for moderation and standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects that we no longer offer from the historical data.*
- *The 2021 A level cohort was the first year of expansion from 5 forms of entry to 6 forms of entry and represented a much more stable entry for the school following 5 years of expansion.*
- *The 2021 GCSE cohort is the first year of GCSE examinations for a stable cohort as part of the expansion process of the school.*
- *The 2021 A level cohort achieved the highest GCSE results in the schools last 10 years placing attainment and progress in the top 5% of schools nationally.*
- *The 2021 GCSE cohort was the first year of the new KS2 grading. The cohort is selective and 11+ scores show very able.*
- *Since 2019 50% of the Senior Leadership Team of the school is new and has specifically work on raising standards including the use of assessment.*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

## Addressing disruption/differential lost learning (DLL)

### **B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student. This is published:
  - Year 11 – <https://www.kings.lincs.sch.uk/y11mayassessments>
  - Year 13 - <https://www.kings.lincs.sch.uk/y13mayassessments>

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### **Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders, Heads of Department and Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements and all staff have completed unconscious bias training;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed;*
- *all May assessments will be by candidate number and not name to prevent teachers being able to identify individuals when marking assessments.*

*Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks or grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

## Authenticating evidence

### **D. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include the assessments being full and completed under high control, will be in place to ensure that teachers are confident that work used as evidence is the student's own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

## Confidentiality, malpractice and conflicts of interest
