- 7.2 The total smoking ban applies to the whole Academy community including pupils, employees, volunteers, Parents, visitors, members of the public and others working in or using the Academy's premises or vehicles and in the circumstances set out in paragraph 2 of this policy.

8 Prohibitions on smoking, alcohol, drugs and substances

- 8.1 Pupils are forbidden from:
- 8.1.1 smoking inside or outside Academy premises, being in possession of tobacco while in the care of the Academy or supplying tobacco to other pupils;
 - 8.1.2 bringing alcohol onto Academy premises or being in possession of alcohol without prior consent or obtaining or supplying alcohol to another, or being impaired by alcohol while on Academy premises or in the care of the Academy;
 - 8.1.3 any production, possession, use or supply of drugs and substances;
 - 8.1.4 bringing the Academy into disrepute for any reason associated with tobacco, alcohol or drugs and substances, whether or not the pupil is in the care of the Academy at the time.

8.2 Parents

- 8.2.1 If a Parent attending Academy premises appears to be under the influence of alcohol, drugs or substances, they will be asked to leave and the member of staff making the request should refer the matter to the Academy's Designated Safeguarding Lead.
- 8.2.2 If a member of staff suspects that a Parent has driven or will drive whilst under the influence of alcohol, drugs or substances, the member of staff should report the matter to the Designated Safeguarding Lead or a member of the senior management team who may telephone the police.
- 8.2.3 If the Designated Safeguarding Lead reasonably believes that a child is at immediate risk of harm from a Parent who is under the influence of alcohol, drugs or substances, the child will not be released into the care of the Parent and the Academy's child protection procedures will be followed.

9 Education and instruction

- 9.1 The education of pupils about alcohol, tobacco, drugs and substances and their dangers forms part of the Academy's programme of relationships and sex education (RSE) and health education / personal, social and health education (PSHE) and within the framework of the overall pastoral care.. It includes classroom teaching, group discussions and talks by experts from outside the Academy.
- 9.2 The Academy educates pupils to understand:

9.2.1 the effect and risks associated with alcohol, tobacco and drugs in relation to their health and well-being and the law; and

9.2.2 possible criminal offences relating to their use.

9.3 All members of staff receive training about alcohol, tobacco, drugs and substances so that they are alert to the warning signs of drug misuse and can respond appropriately when pupils seek advice or assistance.

9.4 The Academy is alert to the potential need for early help for a child who misuses drugs or alcohol. A member of staff who has any concern about a pupil's welfare, or considers that a pupil may benefit from early help, should report this to the Designated Safeguarding Lead in accordance with the Academy's Safeguarding and Child Protection policy and procedures.

9.5 If a parent reports their child as a user of nicotine, alcohol, drugs or substances or a pupil themselves does so and asks for help, the pupil is likely to be given at least one opportunity to reform their behaviour with an appropriate support and a testing regime (see Appendix 3).

10 Advice and assistance

10.1 Pupils are encouraged to discuss their anxieties about alcohol, tobacco, drugs and substances in confidence with a member of staff or other responsible adult. They also have access to information about outside agencies able to provide advice, support and assistance. Accredited counselling services can be recommended by the academy to a pupil in appropriate circumstances, after consultation with their parents.

10.2 Parents themselves are asked to inform the Deputy Head Master (Pastoral) if they have any reason to think that their child may have been involved with alcohol, tobacco, drugs and substances, so that suitable advice, support and assistance can be given. However, each case will be given careful consideration in light of its individual circumstances and the Head Master will make a decision as to whether or not the Academy's disciplinary procedure is to be followed or, as an alternative, to request that the pupil submits to a supportive regime which may include: counselling, re-education and further testing at frequencies determined by the Head Master.

11 Risk assessment

11.1 Where a serious concern about a pupil's welfare is identified, the risks to that pupil's welfare will be assessed and appropriate action will be taken to reduce the risks identified.

11.2 The format of risk assessment may vary and may be included as part of the Academy's overall response to a welfare issue, including the use of individual pupil welfare plans (such as behaviour, healthcare and education plans, as appropriate). Regardless of the form used, the Academy's approach to promoting pupil welfare will be systematic and pupil focused.

11.3 The Head Master has overall responsibility for ensuring that matters which affect pupil welfare are adequately risk assessed and for ensuring that the relevant findings are implemented, monitored and evaluated.

11.4 Day to day responsibility to carry out risk assessments under this policy will be delegated to The Deputy Head Master (Pastoral), Assistant Headteachers and Heads of Year who have/has been properly trained in, and tasked with, carrying out the assessment.

12 Investigation

12.1 Every complaint, allegation or rumour or observation of pupil behaviour in relation to tobacco or alcohol or involvement with drugs and substances will be followed up and investigated in

accordance with this policy and the procedures set out in the Academy's Behaviour and Discipline Policy.

- 12.2 If the findings of the investigation support the allegation, complaint or rumour or observation of pupil behaviour, a disciplinary meeting will usually be held, in accordance with the procedures set out in the Academy's Behaviour and Discipline Policy.

13 Searches for tobacco, alcohol, drugs and substances

13.1.1 Academy staff can search a pupil for tobacco, alcohol, drugs or substances with their consent. The member of staff will consider the pupil's age and other factors when determining whether the pupil is capable of giving their consent.

13.1.2 A pupil may be searched without their consent for tobacco, alcohol, drugs or substances in accordance with the Academy's policy on searching and confiscation (see the procedures set out in the Academy's Behaviour and Discipline Policy).

14 Testing

14.1.1 A pupil suspected of unauthorised consumption of alcohol or involvement with drugs or substances may be asked to give a biological sample. The reason for this policy is to:

- (a) deter breaches of Academy discipline;
- (b) identify users;
- (c) absolve those who have been wrongly suspected.

14.1.2 Alcohol

See Appendix 1 for details of the testing procedure for alcohol.

14.1.3 Drugs and substances

See Appendix 2 for details of the testing procedure for drugs and substances.

14.1.4 Although tests are not infallible, the Academy will treat a positive test as evidence that the pupil is likely to have consumed alcohol or been using drugs or substances, as appropriate.

15 Consent to testing

15.1 The relevant consent to a test is that of the pupil rather than the Parent(s) providing that they are of sufficient maturity and understanding and gives their informed consent in writing. Where the pupil is not deemed to have sufficient maturity or understanding or to be fit to give informed consent themselves, then consent will be sought from a parent.

15.2 The member of staff leading the investigation will determine whether or not the pupil is able to provide this consent and may request the additional opinion of a medically qualified member of staff.

15.3 If a pupil refuses to provide a biological sample they will be asked to say why they have refused. Where the pupil is of sufficient maturity, the Academy will be entitled to draw inferences from their response and general demeanour. If a Parent's consent is required and they refuse to consent to their child providing a biological sample, the Academy may only draw inferences from the pupil's general demeanour.

15.4 Reasonable endeavours will be made, before a biological sample is taken, to notify a Parent guardian or education guardian of the requirement for a biological sample and the reasons for that requirement.

16 Police involvement

16.1 The Academy must notify the police and / or relevant agencies of actual or alleged criminal activity.

16.2 If the Academy suspects that a criminal offence has taken place in relation to the possession, use or supply of alcohol, drugs or substances, then consideration will be given to reporting this to the police and the relevant local authority.

16.3 If the police suspect that a pupil possesses or has stored drugs, substances or related paraphernalia, they may elect to investigate using their own procedures or may pass the matter back to the Academy to investigate.

16.4 If the Academy seizes a controlled drug, this will usually be delivered to the police as soon as possible. In exceptional circumstances and at the discretion of the Head Master or authorised member of staff, the drugs may be destroyed without the involvement of the police if there is good reason to do so. All relevant circumstances will be considered and staff will use professional judgement to determine whether the items can be safely disposed of. They will not be returned to the pupil.¹

16.5 Other substances considered to be harmful or detrimental to good order and discipline will be confiscated. A [senior member of staff] will take account of all relevant circumstances and use their professional judgement to determine whether they can safely dispose of the seized substance.²

16.6 The Academy will retain, dispose or destroy tobacco, alcohol, smoking equipment.³

17 Sanctions

17.1 Where a pupil breaches any of the prohibitions set out in this policy, the Proprietor has authorised the Head Master to apply any sanction which is appropriate and proportionate to the breach in accordance with the Academy's Behaviour and Discipline Policy. In addition consideration will be given to appropriate support for the pupil.

17.2 The following guidelines will apply:

17.2.1 **Tobacco and alcohol:** Sanctions will be applied in accordance with the Academy's Behaviour and Discipline Policy. For a serious breach or persistent breaches, a pupil may be subject to a fixed term exclusion or permanent exclusion from the Academy.

17.2.2 **Drugs:** Sanctions will be applied in accordance with the Academy's Behaviour and Discipline Policy. Exclusion will not be the automatic response to a drug incident, but may

be considered in serious cases, taking into account the needs of the individual pupil concerned.⁴

18 Training

- 18.1 The Academy ensures that regular guidance and training is arranged at regular intervals so that staff and volunteers are alert to the warning signs of misuse, understand what is expected of them by this policy and have the necessary knowledge and skills to carry out their roles and respond appropriately when pupils seek advice or assistance.
- 18.2 The level and frequency of training depends on role of the individual member of staff.

19 Record keeping

- 19.1 All records created in accordance with this policy are managed in accordance with the Academy's policies that apply to the retention and destruction of records.
- 19.2 Sensitive personal information about pupils is disclosed only on a "need to know" basis with careful attention to pupils' rights and needs.
- 19.3 The information created in connection with this policy may contain personal data. The Academy's use of this personal data will be in accordance with data protection law. The Academy has published privacy notices on its website which explain how the Academy will use personal data.

⁴ In accordance with the recommendations set out in [DfE and ACPO drug advice for schools \(DfE, June 2012\)](#) exclusion should not be the automatic response to a drug incident.

Appendix 1 Testing for alcohol

- 1 **Method of use:** Only members of staff who have received training will be authorised to administer the breathalyser. In general, they will be members of the Senior Management Team.
- 2 **Refusal:** If a pupil refuses to provide a sample of breath the pupil may be asked to supply, under medical supervision, a further biological sample for analysis in accordance with the drug testing procedures (see Appendix 2).
- 3 **Record:** A written record will be kept when a pupil is asked to take a test and its outcome will be recorded.

Appendix 2 Testing for drugs

- 1 **Biological sample:** If, outside the context of confidential counselling, there is reason to suspect that a pupil has been involved with drugs or substances, they may be asked to supply, under medical supervision, a biological sample (saliva, hair or urine) for analysis.
- 2 **Medical supervision:** The biological sample will be taken under medical supervision. A member of the Academy staff will be present. All due care will be taken to respect the pupil's privacy and human rights.
- 3 **Testing procedures:** These will be in accordance with standard good practice and where applicable the *Testing for substance misuse in schools* (June 2020) produced by the Medical Officers in Schools Association (**MOSA**):
 - 3.1 care will be taken to make as certain as possible that the sample provided is genuine and uncontaminated;
 - 3.2 the pupil will be asked to sign various seals and documents which confirm that the specimens are theirs;
 - 3.3 the pupil will also be asked to sign a form which signifies that they are satisfied with the collection procedure and gives consent for the results of the test being made available to the Mead Master.
- 4 **Medical record:** The outcome of the test, whether positive or negative, will not form part of the pupil's permanent medical record.
- 5 **Outcome:** When the Academy receives the laboratory report:
 - 5.1 reasonable attempts will be made to notify a Parent by telephone;
 - 5.2 if the result is negative, any second sample will be destroyed immediately;
 - 5.3 if the result is positive, a second sample will be made available for independent analysis.
