

KING'S

THE SPRING ISSUE

NUMBER 3 | SPRING 2019

HEAD MASTER'S PAGE

Dear Parents and Carers,

As an unusually mild winter comes to an end and spring is certainly promising to appear our thoughts are focused to being halfway through the academic year. The Year 11 and Year 13 students are in the final preparations for their examinations. We are pleased to congratulate the following on achieving excellent offers to Oxbridge:

- Ed Johnston - Chemistry at St Hilders, Oxford
- Alex Pay - Computer Science at Somerville, Oxford
- Archie Fraser-Dale - Medicine at Downing College, Cambridge
- Ollie Jakes (last year's Head Boy) - History and English at St Hughs, Oxford

As you will read there is a great deal for us to celebrate in this short term and to look forward to hear about, including the ski trip that is off to Austria during the Half Term Vacation.

In preparation for the next academic year we have made a change to the way that the Sixth Form Induction period will run, following feedback and review from the Year 13 students. The current Year 11 will have a three day programme that will include a visit to a university, hopefully on the final day of the preparation.

As well as looking forward I would like to thank all of the governors, staff, students and parents for packing so many activities into such a short period since Christmas. There have been many highlights across all aspects of the school. I will though mention the very successful change of venue for the Jazz Nite from the School's Hall to St Wulframs Church. An enormous thank you has to go to Father Stuart and his team for supporting this experiment. What a success it was, in such an amazing venue.

I hope you enjoy this half term's newsletter and that you all have a wonderful break, avoiding all of the spring viruses.

ASTHMA UK

Following generous donations from students and staff, £1,711.61 has been raised for Asthma UK in memory of William D'Bouk.

This money will contribute to important work supporting people affected by asthma. Each donation made means a more positive future for over 5.4 million children and adults with asthma in the UK. There is lots of information on the Asthma UK website: www.asthma.org.uk

SAVE THE CHILDREN

Boys and staff raised £468.24 (updated total) for Save the Children by wearing Christmas Jumpers on 14 December.

SWIMARATHON

The recent Swimarathon event was a huge success and all the King's participants did the school proud. Although the final total is yet to be confirmed, all indications are that the funds raised will exceed previous years and be around £1,400.

Below is the result of lengths achieved for Year 7 Forms and House Points will be given accordingly. The other two swimming lanes were used by a mixture of year groups.

YEAR 7 FORMS

Newton	190 lengths
Burleigh	187 lengths
Foxe	175 lengths
Curteis	174 lengths
More	165 lengths
School	142 lengths

KING'S 1: 135 LENGTHS

- William Wood (8B)
- Christopher Smith-Rasmussen (8C)
- Austin Smith (8B)
- Rowan Tyler (8B)

KING'S 2: 202 LENGTHS

- Cameron Gibson (11F)
- Jordan Seetul-Drew (11S)
- Oscar Parnham (11F)
- Jacob Parnham (9F)
- Tom Fulcher (9M)

MATHEMATICS DEPARTMENT

SENIOR TEAM MATHEMATICS CHALLENGE 2018

Back in November the following Sixth Formers represented the school at the regional heat of the Senior Maths Challenge 2018:

Sam Balson, Lewis Haywood, James Scott, Tim Stokes

The event is sponsored by Rolls Royce and run by The UK Mathematics Trust together with The Advanced Maths Support Programme. This is a national competition which combines mathematical, communication and teamwork skills and offers students another way to express and develop their enjoyment of Mathematics. Schools from all over the region took part at The Priory Academy LSST in Lincoln. The boys are to be congratulated for their overall position of 5th against some very talented and well-trained opposition.

Mrs Drulia

BUSINESS STUDIES

INVESTOR CHALLENGE SEMI-FINALISTS

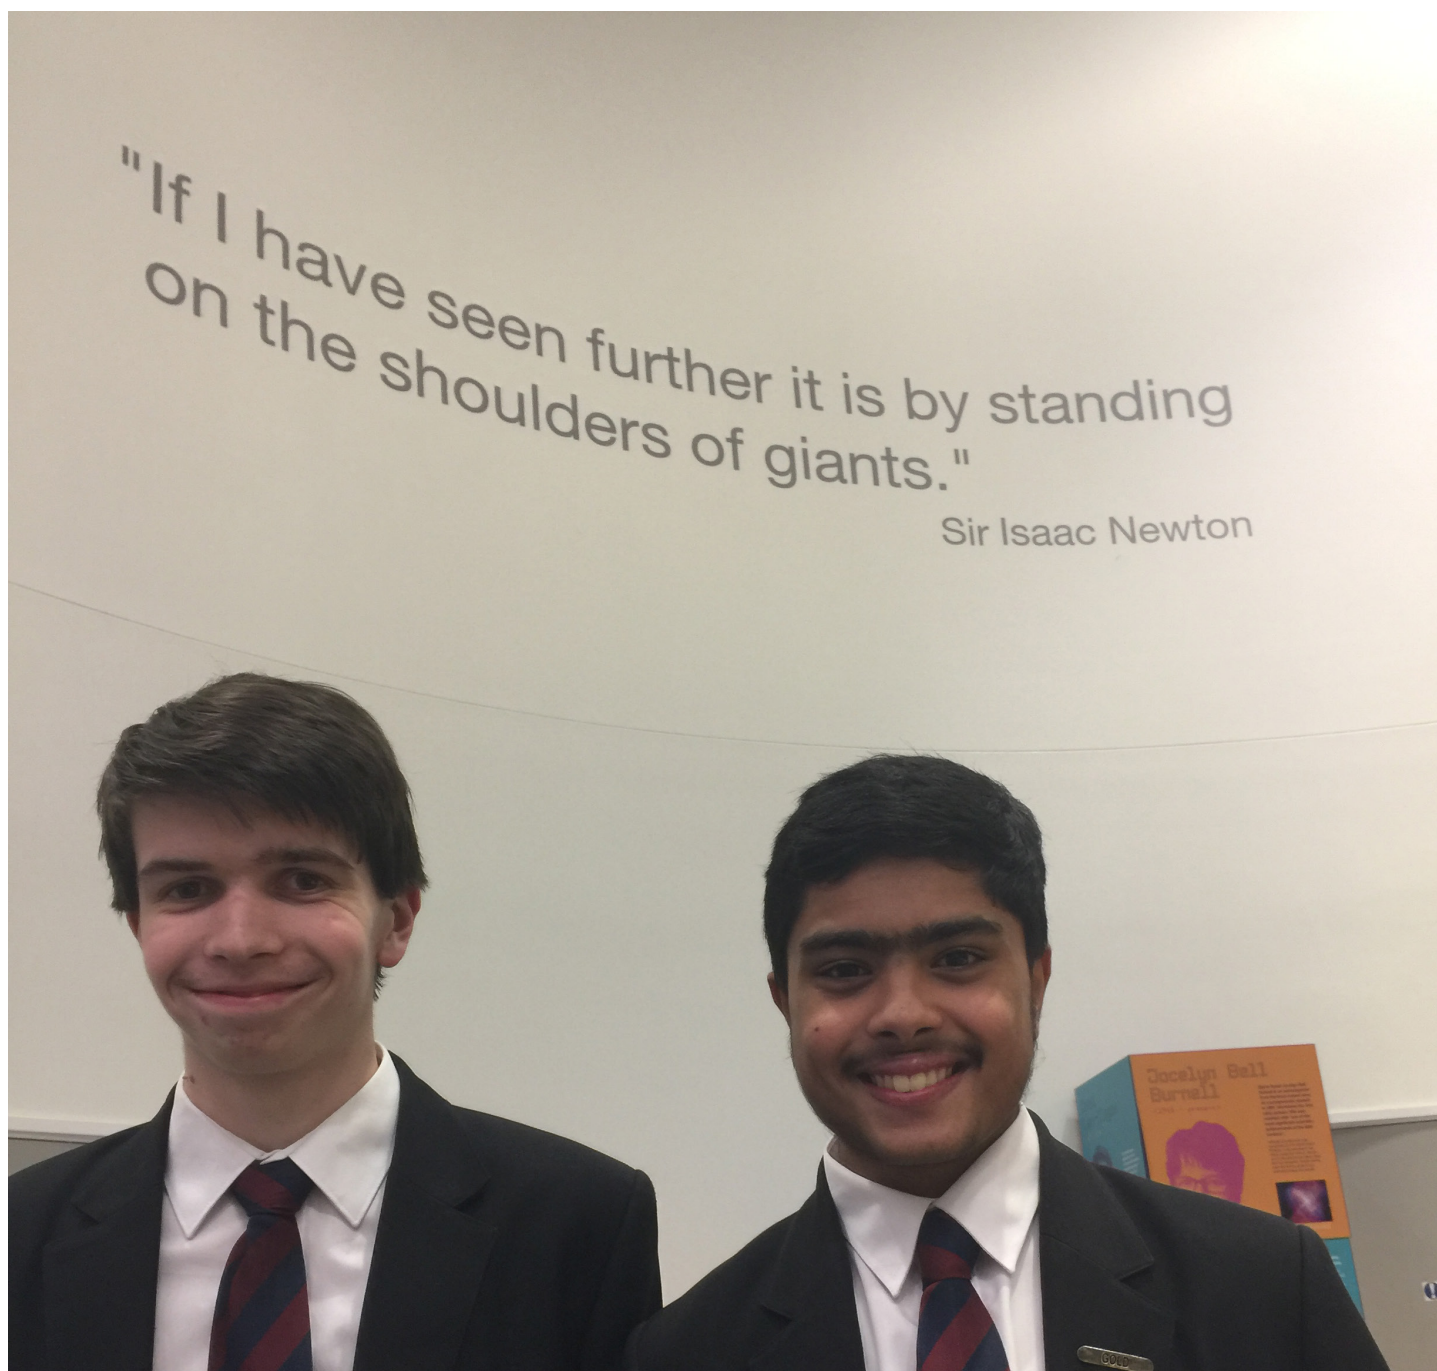

We were absolutely overwhelmed when we learnt of our success in qualifying for the semi-finals of the Student Investor Challenge. Our group finished in the top 500 teams in the United Kingdom, we are now aiming to qualify for a place in the final after achieving 161 position out of a possible 5,885 teams nationally.

Our approach to reaching this position was comprised of a little fortune, a lot of strategy and an Excel spreadsheet which we created so as to maximise our best investments.

However, we did have our problems, and due to a miscalculation in our spreadsheet, we ended up losing £5,000 on a single investment. We managed to re-coup this loss just in time through a 'gut-instinct' investment - without consulting our spreadsheet! Fortunately it made a profit!

We are now focused on the new challenge of aiming to qualify for the Finals.

Jesal Odedra, Brian Goncalves, James Sewell and Ben Lavender
(all Year 10 Business Studies Students)

SCHOOL PHYSICIST OF THE YEAR

On the evening of Friday 18 January, Viraj Deorukhkar and Toby Parsons of Year 10 attended an awards ceremony at Lincoln University.

The evening was sponsored by the Ogden Trust and the boys received awards for their efforts and achievements in Physics during 2018. Both Viraj and Toby have shown great progression in Physics and consistently demonstrate enjoyment and a great interest in the subject.

It was a fantastic evening and a great opportunity to celebrate the exploits of two very capable young men in the University's new Isaac Newton building.

PHYSICS

William Herring in Year 12 entered the Physics Challenge at the University of Lincoln, School of Mathematics & Physics.

He won the third prize and attended the prize-giving ceremony on 6 February, which also included a lecture by Professor Ineke De Moortel FRSE on 'Our Dynamic Sun: A 21st Century View'.

Jazz Nite was held at St Wulfram's Church this year for the first time in order to accommodate more people. Allowing the audience to attend what has always been a very popular evening - a sell-out.

The evening featured the Big Band, Knotso's, Senior and Junior Soul Bands, Junior Choir, Senior Brass Ensemble, Soloists and many excellent students leading their own ensembles. The music ranged from 1920's Jazz music to Rag n' Bone Man and Michael Buble, hopefully introducing some new music to the audience.

We also had performances from the Grantham Music Centre Big Band. The evening lasted over 3 hours, with hardly a moment's silence in all that time. Half of the evening's music was performed by student-led groups, which they had organised and rehearsed themselves, with many arranging their own music. These groups are a true testament to the talent and ambitious nature of the students within the Music Department.

The evening started by paying homage to the wonderful venue with a rendition of the hymn 'Just For a Closer Walk with Thee' that then linked into a New Orleans inspired second line parade style piece that set the mood for the rest of the evening.

Mr Lond

JAZZ NITE REVIEW

Jazz Nite this year was a great success. The King's boys were a credit to the school and the Music Department, showcasing the incredible talent and plethora of genres of music the boys not only study, but clearly enjoy. The venue changing to a church, though cold, was a brilliant choice. The dedication of all the staff and parent helpers as well as the students is astonishing. The lighting and sound enhanced all the performances and really gave the night a professional standard.

Ben Wilson, Year 12

RUGBY

King's U15 team progressed all the way to the quarter final of the Natwest Vase competition before being defeated by the Samuel Whitbread Academy - but what a journey it was!

The team reached this stage by defeating St George's Academy, Carres Grammar School, De Aston School, Brunts Academy and Harrogate Grammar School. The highlight of the campaign was undoubtedly the round of the last 16 tie away to Harrogate. Harrogate created the quintessential cup atmosphere by having the game kick off during their lunchtime, meaning that a crowd of several hundred turned up to watch a top quality display of youth rugby. The intimidating atmosphere created by the vocal crowd did not seem to affect the King's boys, who produced some excellent rugby to secure a 36-12 victory.

The excitement continued later in the week as the team gathered together at lunchtime to watch the draw for the quarter final live on the RFU Schools' Twitter page. A victory against the Samuel Whitbread Academy would have meant a semi-final tie at Allianz Park, home of English Premiership side Saracens. However, it was not to be with the boys battling bravely, but ultimately losing, their quarter final match. Each player should be proud of their achievements in reaching this stage of the competition and look to build on this when they reach the U18 age group and have another go at the same competition.

TABLE TENNIS

In mid-January a group of boys from the Lower School represented Lincolnshire at the Butterfly National School Team Championships. Those boys were Joe Marlor, Tiger Chin, James Hobbs and Mikolij Rutka.

They qualified for this before Christmas when they beat other Lincolnshire teams - the team on that occasion was Joe, Tiger, James and Harrison Taylor.

There were 5 county teams playing in January and our boys played incredibly well, achieving second place. This means that they went through to the Regional Final in Blackburn on 9 February. The team was Joe, Tiger, James and Mikolij. The boys wore specially made navy t-shirts and were kindly sponsored by Intelligent Structural Solutions Ltd. The boys came 3rd and are commended for giving 100% effort throughout, despite facing some outstanding teams. It was an honour for them to represent the region in the semi-finals and all the boys have returned motivated to do even better next year.

In addition to demonstrating excellent sportsmanship, the boys played with skill, determination and perseverance.

Thank you to Russell Winfield who gave his time to coach the team running up to the regional finals, organised a session on sports psychology and travelled with the team to Blackburn.

NOTTINGHAMSHIRE
LINCOLNSHIRE AND
DERBYSHIRE

At representative level George Park, Daniel Stokes, Sam Hawkins and Harry Clough were selected for the NLD U16 squad, coached by Mr Lindsay. All four boys have been selected for both match day squads so far and the team has been very successful, defeating Staffordshire (36-7) and Eastern Counties (57-5).

At U17 NLD level, six boys have been selected for the squad. Callum Tweedie, James Tweedie, Tom Duncomb, Oscar Clink, Noah Cadby and Will Shennan will now have the opportunity to represent the 3 counties against some tough opposition.

Jacob Pearson, a member of this year's NLD U18 team has also been successful in being selected for the Midlands U18 team. This is a remarkable achievement and reflects the hard work he has put into improving his game.

Mr Lindsay

WATER POLO

Congratulations to Oliver Coyle of Year 10 on being selected and nominated by the East Midlands Region for the 2003 Boys' National Academy of Water Polo.

Oliver was one of 30 players selected nationally at this age group and recently trained in Northampton with the team. Further National Academy training camps will be held in June and August.

SPORTING EXCELLENCE

CROSS-COUNTRY

Joshua Clee, Joseph Monk, Lloyd Jackson (all Year 7), Jasper Adamson, Jack Pemberton (Year 8) and Ed Buck (Year 13) have all been selected to represent Lincolnshire in the English Schools Cross-Country Championships in Northampton on 16 March. Well done.

BADMINTON

The Badminton teams competed in the County finals but sadly missed out on qualification for the Nationals.

It was great to see the boys competing in a sport that continues to grow at the school.

The KS3 A Team are: Ethan Curtis, Olly Smith, Olly Thomas and Jamie Wallace.

The KS3 B Team are: Ben Wilson, Luke Morris and Tom Berwick.

The KS4 A Team are: Siluna Mallawaarachchi, Will Czajkowski, Hasham Mufti and Gareth Lee.

The KS4 B Team are: Ravi Yarwood-Paintal, Sam Hawkins, Ben Quayle and Max Turner.

DODGEBALL

The Year 8 Dodgeball Team were victorious in the District round and progress to the County Finals early next term.

FOOTBALL

The Year 7 Football team enjoyed a great term, reaching the last 16 of the National Cup (over 600 schools began competing). They are in the final stages of the County Cup, secured the Futsal title and are in contention for the league title.

Year 8 have enjoyed similar success, reaching the last 32 of their National Cup, having already progressed to the Semi-Finals of the County Cup and they also hope to win their league. A special mention for Jack Hall who scored an impressive hat-trick in a 6-0 victory over Branston in the County Cup Quarter-Final.

Year 9 and Year 11 are progressing well with their pursuit of County Cup glory, whilst the First and Second XI are well placed to secure the titles of the Lincolnshire Schools and Colleges League.

HANDBALL

The Year 10 Handball Team finished second in the inaugural triangular inter-schools competition.

CYCLING

Congratulations to Jack Simpson who received the following awards at the Witham Wheelers Annual Awards and Dinner held last month:

- Youth fastest average road time trial
- Youth fastest uphill road cycle with downhill freewheel
- Club personality award

Back in December, British Cycling moved Jack up to the advanced group at the Velodrome in Derby.

COMBINED CADET FORCE

This term has been relatively quiet. The RAF Section were preparing for the RAF Competition held at RAF Honington.

Over the weekend of 2 and 3 February the RAF cadets performed admirably achieving a great result, coming 5th from 40 schools eligible to attend.

The Army Section has been undertaking 'skill at arms' tests and air rifle shooting drills. The 7 Brigade Army Combat Cadet Competition will soon be here, on 23 and 24 March 2019.

The Contingent has the following timetable of events:

20 February Amy Summer Camp Conference at Beckingham

Lt Col Ogg/ Capt P Dunlop attending

21 February RAF Section - flying at RAF Cranwell

2 March Clay Shooting and Rifle Shooting

at Prince William Barracks, Grantham

16 March Contingent Exercise

Exercise Cold Feet at Stoke Rochford

BEING IN THE CCF BY F/SGT AARON TREVOR AND IC RAF SECTION

The CCF here at King's is one of the largest extra-curricular organisations within school. The organisation comes down to Lt Col Ogg, Csgt Pulfrey and the team of officers and staff who put their all into making sure that all of the cadets here get everything that they possibly can and that it is embraced by all of us to the full extent that it can be.

The range of opportunities offered varies from Leadership courses at RAF College Cranwell, home of Initial Officer training, to competition finals at RAF Halton, home of basic recruit training.

My aim is to give an insight into why I joined the CCF, how I have developed in my time in CCF and the different opportunities that I have taken during the past four and a half years as a cadet and more recently as a senior NCO and IC RAF Section.

I joined the CCF as an over-excitable Year 8 with few future aspirations. I joined as a way of being involved with the school's extra-curricular life but soon realised that the CCF is more than another extra-curricular activity. The camaraderie is unmatched, with the Army and RAF Sections working side by side. Since then I have developed in many areas including: confidence, personal standards, discipline, leadership, and followership. Perhaps some of the most valuable skills in life that one could hope to have.

Many of the activities take place outside of school time but are worth the commitment. A highlight of the RAF Section calendar is the Royal Air Squadron Trophy. A competition in which a team of 13, this year headed up by me, take part in a series of activities, including a drill test, shooting, an RAF knowledge test and aircraft recognition test. This is one of the most prestigious events in the CCF calendar.

One of the most highly commended courses in the RAF Air Cadets is the Air Cadet Leadership Course which takes place over a week at the home of Initial Officer Training, RAF Cranwell. Many leadership skills are developed on exercises, culminating with a parade of College Hall Officers Mess. It is the only course apart from Initial Officer Training to parade on that parade ground and is also in front of friends and family. It is one of the proudest days as you get the sense of achievement having completed one of the most physically and mentally challenging courses that you will undertake as a cadet.

Range days take place throughout the year on some short 25m ranges and also on longer 200-300m ranges, enabling more qualifications and awards to be attained in your time with the CCF.

Flying is what everyone 'joins us for' and is ultimately one of the main perks of CCF with many chances to go flying at RAF Cranwell and take control of aircraft for a majority of the Air Experience Flight.

Another highlight is Remembrance Day. The school and town parades are two very solemn occasions when we look back and remember with pride that "never has so much been owed to so few by so many", with many Old Boys of our school remembered as well as national and international men and women.

We also help in the local community with the Royal British Legion Poppy appeal and have recently helped with a Woodland Trust project to plant many hundreds of trees over the past 4 years to celebrate the centenary of WW1.

Camping is also a really big aspect of the CCF, with summer camps, camps in school holidays, camps over weekends and exercises all through the year, just another life skill in putting up a tent and encouraging more time to be spent outdoors without consciously thinking about it.

The CCF has really helped me and set me up to join the RAF as I have been awarded a flying scholarship and take a step towards a long-term ambition of being an RAF pilot with one of the ISTAR (Intelligence, Surveillance Target Acquisition and Reconnaissance) squadrons.

If you want an all-round extra-curricular activity at King's then the RAF Section is certainly an activity you should consider, take up and embrace every opportunity.

SGT. JACK TAYLOR

I am writing to give you an understanding of why I joined the CCF, my personal views, what I've learnt, my unique experiences and, finally, where the CCF as a whole will take me next.

I first decided to join the CCF in Year 9 just after the rugby season had finished. I was eager to get my uniform and attend my first Thursday night parade. I joined to have some fun with my friends, to be adventurous and do things that I wouldn't be able to do in normal school life. I also saw the CCF as a

taster for military life, a career I'd hope to take in the future. Besides, which Year 9 boy wouldn't want the opportunity to roll around in the mud and effectively play 'toy soldiers'?

I am a big fan of drill as I enjoy discipline and improving my communication skills. Another of my favourite activities is live firing which all army cadets get the opportunity to do. This is one of the most adrenaline-pumping tasks a cadet will get to do and one event that would be able to be ticked off from their life bucket list. However, my absolute favourite CCF activity is blank firing during scenarios and simulated war scenes where a long chain of command comes together to work effectively in the field.

The CCF has taught me many different things as well as changing my attitude to many aspects of everyday life. I think I have become a much more disciplined character that respects the CCF and school hierarchy. I have also become more organised, especially with timings. As they say in the Army, 5 minutes early is on time! The most important skill that I have gained is dealing and being comfortable with responsibility. Everyone has to take responsibility in life, whether it's being a senior NCO or a manager of a business.

Before Christmas I was given the opportunity to go on the Senior Cadet Instructors Course (SCIC) with two fellow Army cadets. This one-week course, based at Beckingham, aimed to get regular corporals and teach them all the different elements of teaching as a whole. SCIC also included teaching in the field, complex night navigation exercises and constant lessons needing to be prepared and practiced, ready for assessment the following day. Overall, I found the course difficult, mainly mentally, not physically, but despite these challenges I still received the top award of 'Highly Competent' at the end of my week. These teaching skills have assisted me not only in the CCF but also for my presentation skills in English lessons.

I am to continue attending camps and exercises so that I can pass on my know-ledge to other younger cadets and to carry on leading groups of cadets as a senior NCO. A personal goal of mine would be to improve my shooting skills on the range which can easily be done by attending the Friday after-school shooting club (see extra-curricular activities calendar).

Finally, my main goal is to sign up with the armed forces after Sixth Form or to attend university where I can specialise in medicine. The CCF will continue to help me get there. If you are looking for an action-packed adventure at The King's School, then the Army Section is the activity for you. I hope to see you soon!

THANK YOU

The recent non-uniform day raised £784.89 for PTFA Funds. Thank you.

IS THIS YOU?

As the current PTFA Secretary will be standing down when her son in Year 13 leaves school in the summer, we need a new Secretary.

Could you attend 4 evening meetings and the AGM each academic year?

Can you take notes at a meeting and turn them into minutes?

Are you confident in using email to ensure effective communication links between Committee members and the school?

Do you want to make a difference to the experience of school for the boys?

If you answered 'yes' to any of these, you could be the Secretary we need. Please get in touch with jo at: jopayne21@gmail.com

SECOND-HAND SCHOOL UNIFORM

Use our new email address to ask for specific items of second-hand school uniform:

ptfauniformshop@gmail.com

Your donations of sports kit (but not footwear) is always urgently needed.

ANNUAL BALL

The date of the Annual Ball is Saturday 12 October 2019. Could you or your business offer some sponsorship towards the costs of the evening?

If so please contact Michelle at: michelletasker@rocketmail.com

SPRING CHOCFEST (AKA PTFA EASTER FAYRE)

Nut-free donations of chocolates and sweets welcome for the Spring ChocFest on Wednesday 3 April 2019. More details to follow.

GOLD CARD DRAW

An annual fee of £10 is an easy way to contribute to PTFA fundraising whilst giving you a chance to be a winner. Look at the school's website for details of joining the Gold Card.

DATES FOR YOUR DIARY

PTFA Meeting (all welcome):	Thursday 7 March 2019, 7:30pm (Bishop Foxe Room)
Easter ChocFest Tombola:	Wednesday 3 April (lunchtime)
PTFA Meeting (all welcome):	Thursday 4 July 2019, 7:30pm (Bishop Foxe Room)
Annual Ball:	Saturday 12 October 2019

KEEP IN TOUCH

Keep in touch via Facebook, Twitter or email:

NEW STUDENT SUPPORT CENTRE

As reported in last term's Newsletter, the new Student Support Centre will be up and running during Term 4. If anyone has items such as sofas or chairs that they would be willing to donate to help to furnish the area, would they please contact Miss Bieber at the school?

Thank you.

FAMILYLINE

Family Action's F'amilyLine' service has launched and is excited to be offering free support and guidance on all aspects of family life to parents and carers across England and Wales.

The FamilyLine service provides a Helpline, Befriending and Counselling support via telephone, email and text message. The service is free and available from 6pm-10pm on weekdays and 10am-1pm on weekends.

Please contact them to learn more about the service they have to offer.

CAREERS TALK

We were pleased to welcome Dr Daniels to the school to talk about careers in Medicine.

Dr Daniels gained A Levels in Maths, Further Maths, Chemistry and Physics from Loughborough High School. She attended Bristol University Medical School and qualified as a doctor in 1994. She completed her basic training in the South West and then worked as an anaesthetist. During her intensive care rotation, realising she preferred general medicine to anaesthetics, she completed her training in General Internal Medicine. Dr Daniels has done 3 years of research into MRI scanning in Carotid Artery Stenosis in the Neurosciences Department of the University of Nottingham. In 2008 she qualified as a consultant and is now Head of Service for Acute Medicine, Frailty and Ambulatory at Lincoln County Hospital and is the Chair of the Lincolnshire Frailty Expert Reference Group.

RUGBY 7's TRAINING NIGHTS

Training for all age groups will commence immediately after half-term.

Each team has been entered in at least one 7's tournament. Boys **MUST** attend training if they would like to be considered for selection to the team. Students do not need to have previously attended rugby training before to start 7's training.

Monday	Year 11	Mr Lindsay
Tuesday	Years 9 & 10	Mr Gilbert, Mr Collins and Mr Lindsay
Wednesday	Year 8	Mr Lindsay
Thursday	Year 7	Mr Lindsay and Mr Clark
